

Dear Allied Sportsmen Members,

Please consider myself, Nicholas Ulrich, as a candidate for the upcoming board of directors election. I would like to serve the board because...

I have been a member since 2016 in good standings. I assist in setting up and operating both indoor and outdoor archery. I assist in double tap pistol, during the fall and winter months. I continuously recruit new members to the club through the archery and pistol programs. I advocate for the club by selling raffle tickets each year and promoting all leagues that we have available. I aid in maintaining the lower half of the property by assisting in maintaining trails and removing debris. The club is a second home to me. This club has given me the ability to practice hobbies I truly enjoy in a safe and supportive atmosphere. This club has given me friendships that feel more like family as the time goes on. The club has nurtured me by giving me confidence that I would not have without a place to express myself through shooting. I feel confident that I can further continue to advocate and promote for the club if I am given the chance to serve on the board.

Sincerely,

Nicholas Ulrich
